My wait was long. My appointment was at 130 pm and I wasn't done there until 400 pm Which seemed like a long time to me. Once I was in the room, I waited a long time to see the Dr. Maybe it was just the day, but it seemed things weren't running on schedule. It was my first visit I'll see how the next appointment goes.

My last experience at the eye doctor was TERRIBLE and I knew I NEEDED to get back. I'd been dreading it for a long time. I finally scheduled my appointment with Sarver Eye Clinic and I haven't stopped talking about my experience since!!! The atmosphere was great, Dr. Kelly spent so much time with me explaining everything my last Dr. didn't take the time to, and Brian spent so much time with me explaining my insurance and the options for my lenses. I actually felt important and worth their time. It was a great experience and I'm glad to have found an eye Dr. I can trust and talk to!!! Thank you Sarver Eye Clinic!!!!

Dr. Kelly is very nice, professional and thorough. Brian is extremely friendly and personable and he is great at explaining all of your options and makes sense of the complicated insurance part. Just make sure you schedule well in advance for a new patient eye exam. I had to wait 7 weeks for an appointment, although it was an evening appointment and I know those are harder to get. I will definitely be going here from now on.

My overall experience with Server Eye Clinic was nothing but excellent. Every employee treated me with the utmost respect, was very kind, courteous, and most of all professional in every way. The "doctor" herself actually does your exam and spends time with you which can be heard to find today. So many places the technicians do everything and the doctor just looks at and in your eyes. Don't change anything.....

I am a new patient and had an amazing first visit! I received a warm welcome from the staff the minute I walked in the door and did not have to wait more than a few minutes before Dr. Donlan was out to see me. She was both professional and personable and she really took the time to get to know me and was very thorough with questions about my vision history. She even took the time to come out after my exam and recommend a pair of frames that she thought would look nice on me. I would highly recommend her and her facility to everyone!

It had been a few years since I had been to an eye doctor and Dr. Donlan went out of her way to help me make the right decisions when it came to choosing my new contacts and glasses. If you are looking for a new eye doctor, stop looking and go here.

only did she address my concerns, but she explained why I was likely having my issue. Her and her brother are both amazingly friendly, leaving the office feeling more like a visit with friends (that happen to be providing wonderful service) rather than an eye appointment.

Dr. Kelly and Brian are two of the friendliest people you'll ever meet! Within minutes of walking in for our first appointments over two years ago, both my son and I felt like we were chatting with old friends!! Not only does Dr. Kelly provide an extensive eye exam, she truly cares about the health of your eyes and your overall well being. Brian is wonderful at making sure you know exactly what your insurance will cover BEFORE you start picking out frames, so you know how much your out-of-pocket expenses could be. He also takes the time to help you find frames that look and feel great. Best optometrist's office I've been in since I started wearing glasses over 35 years ago.

Every single time I go to Sarver eye clinic, I feel so welcomed! As soon as you walk in, Brian is there to greet you with the warmest smile that immediately makes you feel comfortable! The place always smells wonderful as well. Products are displayed beautifully and they have a huge selection of high end brands as well as moderately priced brands. I cannot say enough good things about Dr. Kelly Donlan. She truly knows what she's doing and has the patients best interest at heart. I've been to many eye drs over the years, but once I found dr. Donlan, I knew I had found my forever eye dr. I've followed her from pittsburghs south side office to Robinson and now to Sarver, but I would truly follow her anywhere. She's the only dr that was able to help me with my dry watery eyes. I recommend her to everybody that I know!

They could not have been friendly and took the time to discover that I had some limited coverage in my health insurance.

Dr. Donlan is incredible! She truly cares about her patients and remembers details about their history. Her exam rooms are comfortable, clean, upscale and serene. I appreciate Dr. Donlan and Brian go above and beyond to accommodate their patients, coordinate and work with insurance companies and find the best deal for corrective lenses and other eye care needs. I drive more than 30 minutes in order to be seen at the Sarver Eye Clinic and it is 100% worth every minute of the drive. Thank you so much for the fabulous care!
